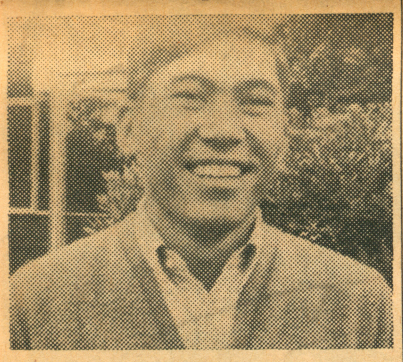
UNFORGETTABLE YEAR

By ASSIF SARABI

Now that I have received my traveling schedule for my return home to Afghanistan, I realize more than ever that my year at Acalanes is almost over. This has been a year full of new experiences and fun. Living in Lafayette has been most enjoyable. I have learned many new things about the United States, especially in the area of American Government and world affairs. I liked the informal relationship between teachers and students and enjoy the friendly "hi" exchange between them. Extra activities of the student body, such as football, basketball, and other things created a warm school spirit which I enjoyed sharing.

I want to thank the school adminstration, my patient teachers, and my many friends in the student body who have been most helpful to me. "Khuda Haphiz", a Persian word for farewell which means "God Keep You".



Acalanes bids farewell to this year's foreign exchange student from Afghanistan, Assif Sarabi.

From left to right, Miss Carolyn Howell, Mrs. Barbara Leal, and Mr. Frank McDonnell.

TEACHERS LEAVING

This year marks the last for three Acalanes teachers. Miss Howell, a standout in our Physical Education Department, will be teaching girls' P.E. at Campolindo High next fall.

Mrs. Leal, one of our better English teachers, is retiring this year in order that she may devote more time to raising her child. She may take up teaching again, but it would probably be part-time and in Berkeley where she is living at the present time.

Mr. McDonnell, presently teaching five classes in French I and II, will be received into the teaching staff at Del Valle High School at the opening of classes next year. There he will teach classes in French II and Spanish I.

Though three teachers does not sound like very much when compared to the total number of instructors at Aacalanes, the departure of these three will place a much larger burden on next year's faculty. It is hoped that teachers of their caliber will be found to replace them.

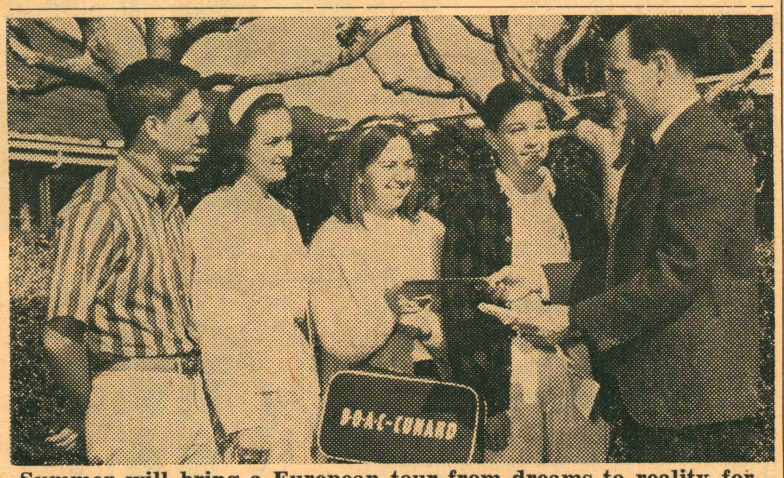
FACULTY MEMBERS RECEIVE SPECIAL SUMMER GRANTS

Eight Acalanes teachers have received summer scholarship grants and National Defense Education Act (NDEA) fellowships. Among the honored are from left to right (standing) Mr. Garland R. Snodgrass — NDEA German Level I Seattle Washington; Mr. Frank Baughman — NSF Research Participation for High School Teachers, Lawrence Radiation Lab, U.C., Berkeley; Mr. Robert J. Wilde Fullbright Grant for summer study in Ethiopia; Mr. R. A. Mehus — National Science Foundation Summer Institute, Oregon State University. From left to right (seated) are Mr. Harold L. Olson — Grant Joint Council on Economic Education Summer Institute in Economics at Diablo Valley College; Mr. Victor C. Widmer — NDEA, English, San Francisco State College; Miss Margaret Nicholson — Grant to U.C. paid by NSF for summer school teaching; Mr. Richard P. Mayes, NDEA, English Institute at New York University.

SENIOR ALL-NIGHT COMING!

Departure date for the Senior All-Night is set for June 17 at 8:30 p.m. and will be held at Goman's Gay Nineties on Broadway in San Francisco. The Senior All-Night will be just one of the many high points in semi-formal Senior Class activities and will truly be a "Night to Remember." The cost is still the nominal sum of $11 for a complete night of dining, dancing, and games of fun, skill, and chance.

Mrs. Robert Short, Committee Head, has arranged transportation, music, and refreshments. Seniors will go via Sierra Bus Lines "at 8:30 sharp" says Mrs. Short, and "we'll leave anyone who isn't there on time." Seniors will dance to Mr. and Mrs. Goman's band and discotheque until 11:00 when a buffet dinner will be served. Tempting dishes such as roast, ham, turkey, and spaghetti will be part of the cuisine.



Summer will bring a European tour from dreams to reality for sponsor Mr. Robert Wicks and several students, including Beth Arnold, Gary and Kevin Beaumont, Trey Fisher, Robin Gibb, Dick J. Lee, Sue McMeans, Linda Morgan, Marilee Rocca, and Kathy Thorne. The departure date is set for June 19 and will encompass a five weeks trip around the cities of Washington, New York, London, Amsterdam, East and West Berlin, Heidleberg, Munich, Salzburg, Venice, Florence, Rome, Zermatt, and Paris. Opportunities are still available for those students who still wish to go.

After dinner there will be more dancing, bingo, bridge, free pastel portraits, and possibly movies and candid camera stills. Breakfast will begin promptly at 2:00 a.m. and will include such appetizing refreshments as hot rolls, juice, coffee, and milk. At 4:00 a.m. the buses wil return everyone to Acalanes.

Seniors will not be allowed to date or drive their own cars into San Francisco for the Senior All-Night if they plan to go to Goman's. Mrs. Short wishes to note that "if students still would like to go, there are a few reservations left."

Others who have worked to make the Senior All-Night a success and a memorable occasion include Mrs. William Borowiak, Mrs. Elmer Brinkerhoff, Mrs. Lloyd Kindell, Mrs. Frank Malley, Mrs. Clint Newell, Mrs. Eugene Olsen, and Mrs. Dale Stoops.

BACCALAUREATE; COMMENCEMENT MARK EXCEPTIONAL YEAR

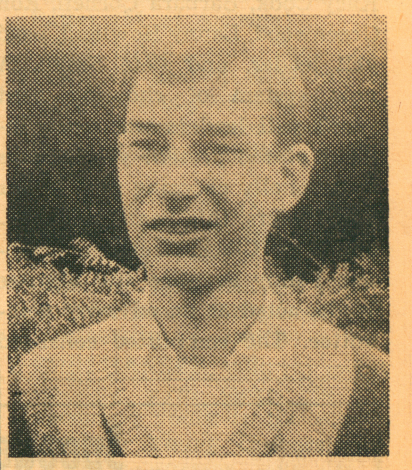
Two coming events will soon mark the final stage of many seniors' high school careers. Baccalaureate and Commencement will be an appropriate ending for an exceptional year.

Baccalaureate

Baccalaureate Service will take place in the Small Gym at 6:00 p.m., Sunday, June 13. Rev. A. Leonard Gilmore will give the invocation, opening the ceremony. A talk will then be given by Father James Bradshaw, Catholic priest. The Benediction will follow, given by Chaplain Harry W. Webster.

Commencement

Commencement Exercises will take place at 7:00 p.m. Thursday, June 17. This inspiring ceremony is perhaps one of the most memorable occasions in the life of a high school student. Selections will be played by the Acalanes Symphonic Band, under the direction of Mr. Elvo D'Amante, and the A Cappella Choir, under the direction of Mr. Richard C. Hansen, will sing a selection. The invocation and benediction will be given by Rabbi William Stern. Senior class president, Don Querio will give a speech. Following him, Bob Mutti, Senior Speaker, will address the class. Presentation of awards will be made prior to distribution of diplomas. Following the ceremony the new Acalanes graduates will attend the traditional Senior "All-Night".



Bob Mutti was chosen Senior Speaker of this year's Senior Class.

This Was Acalanes

The 1964-65 scholl year skyrocketed to a start only to have the missle explode as the Seinors realized that his year would be almost like the last three years. However, there were to be a few notable differences.

Senior Hall and Senior Mall (?) were ours at last; although senior activities in those areas were extremely limited. The teachers began to trust us more, thinking we were more responsible. But they soon learned not to accept all passes, absence slips, and papers.

It didn't take long for the novice Seniors to become experienced. Soon we were engrossed in new activities. Volleyball and ping pong tournaments consumed our lunch hours. Many of the senior boys were quite gay this year, and didn't seem to mind coming to school at all.

Towards the middle of the year we began to realize the urgency necessary in determining our futures.Seniors began to madly apply at colleges and to take college boards. Suddenly it seemed that the entire Senior class would be reunited next year at DVC.

Then there was the Slave Sale. It certainly is amazing to think of the hidden personalities of some of our esteemed seniors. The Senior boys especially enjoyed the Slave Sale as it gave them an excuse for an all-night party. They seemed awfully happy at school even if they did stay up all night. WHAT STAMINA!!!

April showers bring May flowers and an acute epidemic of Senioritis. The major symptoms are (1) an extreme lack of enthusiasm toward academic endeavors, and (2) frequent absence from those academic classes. A favorite gathering place during "class hours" was "Student Square". That area is now off limits and is frequently patrolled by the deans.

Now the year is coming to a close. A few of the Seniors are sad about having to leave our fine institution of learning, but most of the Seniors are looking forward to a new, independent life at college, at work, and at play. But before we can make our summer and future life plans we must overcome the last few days at Acalanes. We must have fun, for the last time in many cases, with friends we have known forfour or more years. And after Senior Bermuda Day, Baccalaureate, finals, Graduation and the All-Night, we Seniors can look back fondly and with some nostalgia on our fine years at Acalanes.

SENIOR HISTORY

Four years seemed an eternity, but in retrospect, these years were only too short, and on June 17th, graduation will bring an end to the experiences of the 25th graduating class at Acalanes. Although the seniors look forward to the new opportunities awaiting them in the life they are about to enter, they also will remember the past four years at Acalanes.

As Freshmen, they were welcomed and given an introduction to the school on Frosh Orientation Day. Then, they waited enthusiastically for the first day of school with more self-confidence. With its arrival came both excitement and fear. But, a quick adjustment period followed, and the freshmen soon found themselves active in the typical school of activities, studies, and government. They elected Bob Stoops president, Ed Kendall vice-president, Hope Julius social secretary, Cathy Lund secretary, and Bob Harris treasurer. Under their leadership, the freshmen had a most successful Frosh Frolic. PEPERMINT TWIST PARTY had Scotty Scott and his combo as its band, and Johnny Mathis' brother, Mike as its special guest star. Highlighting an evening of dancing and fun was an extremely popular twist contest. The year ended with the freshman acquainted with Acalanes' two-hour finals and new grading systems, and anxiously waiting for summer vacation.

The Class of '65 returned triumphantly in September as veterans of Acalanes. Heading the sophomore class were Woody Underhill president, Mike Yeomans vice-president, Laurel Stanley social secretary, Leslie Grant secretary, Jeanne Morrison treasurer and Jeanne Olsen citizenship representative. They continued their social success with the memorable Soph Hop, SURFERS' STOMP.

Presiding over the junior class were Dale Speyer president, Bruce Neighbor vice-president, Julie Smith social secretary, Sue McMeans secretary, Gretchen Jacobsen treasurer, and Hope Julius citizenship representative. With their co-operation the junior class planned the Junior Prom, ORCHIDS IN THE SNOW. The old gym was beautifully decorated in a white and violet color scheme. Green Christmas trees were flocked white, and crepe paper orchids, white streamers, and an artifical waterfall added to the colorful scenery and atmosphere. The success of this dance was renewed in the Junior Extra, PLEASE DON'T EAT THE DAISIES. The month of May found the juniors excited over the coming student body elections, and prepared to take over senior hall as well as the student govenment.

The many diverse senior activities were well co-ordinated by the senior class officers; Don Querio, president; Jack Jay, vice-president; Laurel Stanley, social secretary, Kathy Hamlin, secretary; Cherie Olson, treasurer; Jeanette Armstrong, Annette Betancourt, Sue McMeans, citizenship representatives. 1965 was a year of much activity and excitement. Senior suckers sales played an important part in raising money for the senior class. Homecoming was climaxed by the seniors winning the float contest with their entry, Cinderella. Reigning over the float were its three princesses, Holly Borowiak, Hope Julius, and Laurel Stanley. Later, Holly was crowned 1964 Homecoming Queen at the Homecoming Dance. The Senior Play "The Importance of Being Earnest", demonstrated the acting ability, and time spent on this production by the senior class. The seniors continued their properous year with the Senior Extra, which had a Sadie Hawkins theme. On May 21st, all seniors enjoyed the Senior Banquet, "Auld Lang Syne" which had the New Invadors and Tony Dow as entertainment. Senior Bermuda Day was a day of fun and games. Then came the lovely Senior Ball, "Bon Voyage". Graduation night and the Senior All-Night to be held at the Gay Nineties should be the perfect end to the Senior class.

New Yell Leading Staff

Newly elected yell leaders are Kacy Cook, Barbara Cornell, Ron Greenwood, Lanny Howland, head yell leader, and Pete Small. A new system of choosing next year's yell leaders was used. Instead of the present yell leaders traditionally choosing next year's yell leaders, this years yell leaders; Ellen Clark, Gretchen Jacobsen, Penny Prentice and Marilee Wade, acted as an advisory committee. The committee consisted of Holly Borowiak, this year's head yell leader; Steve Daniels, next year's Student Body President, Tom Fitzsimmons, next year's Rally Commissioner; Miss Richardson, Dean of Girls, Mr. Steven, Dean of Boys; Stan Wakeman, President of Block A, Mr. Whyte and Mr. Walgren. They formance of spirit, G?1f were rate on (1) their past performance of spirit, (2) responsibility and (3) how well they get along with other students.

Seven New Songleaders

Newly elected Pom Pon girls are Jean Beyer, head pom pon girl, Bebe Brigante, Jill Ferroggiaro, Patty Prentice, Amy Purrington, Sue Steinbach and Charlotte Troffey. A new system was enacted this year in order to pick girls not only on ability but appearance also. All of the girls who tried out were first screened by this year's pom pon girls, Carol Brester, Linda DiSano, Jane Favor, Susie Fee, head pom pon girl, Judy Guilkey, Carol Nuoffer, and Laurie Vogt. The finalists then tried out before a committee composed of faculty and advisors, where they were selected. The girls were chosen on their appearance, skill, and routine.

SENIOR PROFILES

THIS IS INDIVIDULAISM!

"One of the most significant things about him is that he made it through four years of high school." This assertation was vociferated by one of Acalanes' faculty in reference to the illustrious Ross Brigante, quite a unique character at Acalanes. However, this statement is not altogether valid. Ross, himself, admits "the year's not over **yet.**"

Ross seems to be a rather agreeable person. He enjoys soft, refined music and "detests people who smoke or drink." He also is deeply grateful to Miss Dupuis and Mrs. Gillespie. In fact, to these noble women, Ross gives his "special thanks for their kind assistance for teaching me the fundamentals of bridge during sixth period."

Ross does have one rather violent dislike, though. Ross' excellent taste compels him to state, " I despise those cafeteria lunches with an absolute passion", however, he adds, "but I still eat them." Other than edible, in the food category, Ross has "no particular favorite."

Speaking of nourriture, Ross' pasttime is mixing spodiodi. Upon a vague (but fascinating) description, the abstemious interviewer began to look ill and thus, further elaboration is impossible. Not withstanding, it is probable that the interested reader will be able to acquire further information upon interrogating Ross, an all to capable connoisseur.

The brave and dauntless interviewer, in an attempt to change the subject, asked Ross whether or not he would step on an ant upon encountering one in the corridor. Ross said, "of course not, I eat with ants" says Ross. But then, what can one expect on a picnic, Ross. At any rate, Ross does "eat with anything."

In an attempt to bring out Ross' hidden attitudes, the interviewer, approaching daredevilry, examined Ross by administering a word association test. Here is an example of some of the more presentable.

beard . . . rhymes with beer
candy . . . book
picnic . . . nevins

The author feels that perhaps Ross' more admirable achievements and contributions have been overlooked. Ross is a member of the varsity swim team This endeavor in itself requires a substantial donation of time. Ross has also attempted to aid the school in another way. He offered his "limosine" to the Allan crash-up.

Alas, if all goes smoothly, in a short while Ross will leave for the University of Pachaeo at Concord.

STUDENT LEADER

Annette Betancourt's document was uppermost in her mind, but she managed to tear herself away for a few minutes to be interviewed for Senior Profile. In expressing her plans for the future, Annette demonstrated her studious nature by her intent to spend many more years in school. Upon graduation, she plans to attend DVC and perhaps transfer to a school down south. Her utlimate goal is to become a teacher for young kids, "because they're easier to handle. "

Annette has had four full years at Acalanes and has managed to fit in a few outside activities into her rough academic schedule. She has been on Student Council for two years, a Citizenship Representative from her class, Secretary of Los Amigos this year and a member last lear, on Student Control in the past, and showing her academic abilities, a member of Acalhonors. She also manages to find time to work every day at the Little Daisy, but spends most of the money she earns buying shoes at the Shoe Stable from Richard Lee.

Looking back over her years at Acalanes, Annette feels she

will miss the artificiality and phoniness in abundence here. She is afraid she's not going to be able to face the real world upon graduation. At least she knows that she is not alone in her struggle. The experience of tromping into the Friendly Family Pool Hall to pull out one of her more illustrious friends is the one Annette will remember as being her most outstanding. As she says, those older ones are a lot harder to handle.

A I left Annette she was pursuing her academic endeavors by madly rushing around in pursuit of the question she was supposed to be writing her document on. She had just discovered that it was due the next day.

Class President

Upon reviewing Don Querio's high-school career, one must resort to the use of the superlative. As President of the Senior Class, Don functions as the axis around which the enitre Senior Class revolves. His meritorious performance at his position, which entails more toiling than the president of any other student organization, has been a prime factor in creating one of the most eminent Senior classes in Acalanes' history.

Subsequent to his entrance into Acalanes High School, Don has involved himself in numerous curricular and extra-curricular activities. His earliest performances, which he has continued throughout his high-school career, include membership in the American Field Service and the California Scholastic Federation. Don sustained his involvement in school affairs by his popular election to the Student Council in his Junior year.

Giving heed to his academic record, Don has managed to compile a distinguished 3.97 grade point average over the past four years. This remarkable record has entitled Don to life membership in CSF and has easily qualified him for entrance at Brown University.

Don has not confined his presence solely to the playing-field of the academe or the erudite. Throughout the past four years he has manifested prowess as a constituent of the "B" swimming team. His versitility in this scope has provided the "B" mermen with depth and increased strength during Don's stint on the team.

Upon conversing with Don, one may deduce that he is possibly befitted to enter the field of politics. This reasoning is based upon his description of himself as a "liberal-conservative" — a statement of position which would most certainly endear his to any constituency which he might choose to represent.

FILM PRODUCER!

One of the producers of the famous home-movie "Rides and Rescues," Jim Fletcher is said to be, by his friends, "an actice social leader" on the campus. He is Chairman of the Grounds Committee and claims that he participates in so many activities that he has little time for classes. In truth, his favorite haunt appears to be the dean's office, where 7 periods a day, he works on his "extra curricular" activities. One of his dislikes is "teachers that expect students to attend class", yet Jim still came through last semester with a 3.6 average.

Jim wants to attend San Jose State next spring where he plans to major in Police Administration. He is interested in both law and kids and would like to work, eventually, in the juvenile department. Perhaps that's why Jim spends so much time in the dean's office.

During the summer and next fall before he begins college, Jim

is going to work for a vending company. In his free time, however, Jim likes to play cards, surf, go hill climbing, or eat. (He seems to eat constantly.) His favorite sport is wrestling (he was on the Acalanes team) and he also enjoys watching baseball.

Some of Jim's other likes are jug bands, Santa Cruz, red bathing suits, Ray Charles, and black shirts with white ties ("because it's backwards"). As for girls, Jim thinks they're "nice to have around the house" but they have to have a lot of personality.

CUTE, BUBBLY

Cute, bubbly, and full of personality, Susie Fee has been selected as one of the Senior Issue's profiles. An active member in many extra-curricular affairs. Susie has participated in rally, Spanish Honorary, CSF, and was selected as Acalanes representative to Girls' State last year. Perhaps her most noted quality, however, is her ability to create spirit as head pom-pon girl. Among her more intimate colleagues, comprising the vivacious pom-pon group, Sue is known as "Mom."

As a member of A Capella this year, Susie attended Honor Choir and enjoyed it greatly. There favorite class, however, is Great Books, but like so many other seniors at this time of the year, she hardly ever attends this or any other class.

Although Susie has many likes, Pat Clarkson apparently heads the list. A few of her less passionate likes include food, good parties, bridge, loving "to get my nose in everything, and getting in good with my teachers."

Susie's most embarassing moment, she says, occurred one night during last summer when she and the pom-pon girls decided to go out to dinner after practice. Naturally, Pat was there and as Sue sat down to eat her taco, she suddenly discovered that Pat had managed to manipulate the chair out from under her.

After making her debut into society and attending countless parties, Susie plans to attend UCLA where she would like to major in psychology but will probably miss those "good high school years."

LEADERSHIP, NEUROSIS – GIANT SUCCESS

Familiar to everyone is an energetic, spirited, head majorette, Jeanne Olson, who has been selected as one of the Senior Profiles. Jeanne has been active as Citizenship Representative in her freshman, sophomore and senior years. She also assisted the cheerleaders and pom-pon girls in leading the school spirit as majorette in her junior year and head majorette this year.

Enthusiasm and sincerity are only a few of Jeanne's personality traits. While being inter viewed, she was at work, sewing, one of her favorite pastimes. You probably won't believe this, but Jeanne spends a lot of her spare time talking to a card table. And she says "It tells the truth, too. I know you won't believe me but it does!" Mr. Dessler happened to make the scene while I was interviewing Jeanne and when I asked what her favorite classes were, he said, "English III and Aklan, which I taught her." Some facts Jeanne would not reveal herself, were helpfully supplied by friends such as Mr. Dessler. He commented on how wonderful he thought it was that Jeanne makes most of her clothes. He also stated that she plays the organ quite well.

Jeanne's likes and dislikes reveal much about her personality. Jeanne confessed she loves geese and likes to sew. Among her dislikes are the Mayo Clinic Diet, the moon and butterflies. It seems that some of her dislikes reveal something about her childhood experiences.

When asked what her most embarassing moment was, all Jeanne could think of was the time when a group of male singers from University of California dedicated a song to her and Greg at one of our music assemblies. She said she couldn't understand how they knew.

Jeanne's plans for the future are quite definite because, of course, she asked her card table and it always tells the truth. She is planning to attend University of Pacific next fall and hopes to become a teacher.

"I hate tuna fish!" This remark in answer to a question posed by the interviewers helpful colleague, opened an interesting interview with **Greg Malley.** There are many other qualities in life that **Greg** finds contempt for. His pet peeves are teachers who say, "Yeah! Even I do that sometimes." He also dislikes the "Plainswomen", and American Government, which he thinks is "the worst class in the whole school."

Greg's interests, though, outweigh his dislikes in both number and quality. His favorite foods are "lasagna ice-cream", (upon further questioning I discovered that he meant lasagna **and** ice-cream. He also likes to "streak watch" and to view "super fast sport car races." "For amusement I count on 'turtle hunting." **Greg** demanded from the bewildered but willing interviewer that this direct quotation be inserted. He also wanted to make sure that I put down that his favorite color is pink. His final joy in life is "cutting up pigs, cats and blue Mustangs." I hasten to relate that he means that he likes blue Mustangs, but uncut up.)

Greg is going to go to the University of California at Berkeley. He's going to "grow a beard and go barefoot." He will probably major in business administration. He displayed an inner neurosis when he stated that "when I grow up I want to be rich and 6 foot three."

In a more serious mood, **Greg** said that one of his favorite teachers was Mr. Barnett who was "one of the best men I have ever known."

EXISTENTIALISM IN ACTION

An infamous figure on campus is our well loved social commentator of the Blueprint staff, John Merrill.

John spends his time writing "Heap of the Month," setting track records, and thinking about his philosophy of life. John claims to be an existentialist, "I'm for the acceptance and support of compromised moral values among American Youth."

Included in his various activities have been the Senior play, CSF, Blueprint and track.

John's favorite girl would have a "foreign or inconquouse facial structure, resulting in an exotic effect." John likes reading his favorite periodical, the **Sundial,** while bombing around in his favorite car, a 1936 vintage Rufus

Wagon, listening to progressive jazz, and using biting social criticism. He loves to eat fresh pineapple and skunk meat, medium rare.

"I'm for Motherhood, the Flag, and a hot lunch for orphans."

John's heroes are Juan Marichal, Everett Dirksen, Albert Camus and Art Hoppe.

Among his many dislikes are Acalanes, closed-minded socialists, girl's clubs, a blue-nosed administration, and double-edged people. John is easily distrubed by racus teenage music and self-satisfied, unsophisticated Acalanes girls.

After he graduates, John plans to atend college at the University of California at Santa Barbara, majoring in either English or philosophy.

Active PomPon Girl

One of **Blueprints** choices for "Senior Profile" is Judy Guilkey, chosen for her many contributions and achievements at Acalanes.

Born in Long Beach, California, Judy moved to Lafayette when she was six years old and has moderately traveled throughout the United States.

Activity is one of Judy's many characteristics. She was a member of Rally in both her Junior and Senior year, a four year member of the California Scholarship Foundation, in A Cappella, and on Music Counsel.

Next year Judy is planning to attend the University of California at Santa Barbara, majoring in either history or political science, and upon graduation, join the Peace Corps.

During the summer Judy is hoping to get a job, "but I don't know who'll have me!" she comments.

Her favorite subjects are government, history, and Great Books. Her hobby is pomming, which she has mastered skillfully. Judy desperately dislikes milk and eggs in any way, shape or form and cringes when they are mentioned.

Judy loves Acalanes and will hate to leave, but admits, "it's just about time to get away, but I still don't want to go."

Newspaper Editor

If you have missed meeting a fun-filled, talkative, intelligent student with a bubbling personality at Acalanes this year, BLUEPRINT would like to present one to you, Linda Croce.

Linda has been a great asset to the life at Acalanes these past years and has been chosen a Senior Profile for this reason. She has been a member of Acalhonors the entire four years. She was a reporter on the BLUEPRINT last year; and is the Editor this year. As an active member of her class, she was in charge of the table decorations for the Senior Ban-

quet. Another job she undertook during these last few weeks was organizing the senior wills.

Linda was very busy this year beginning some new pass-times. She went skiing for the first time and enjoyed it. Another recent activity is playing bridge. She says that she is a very avid bridge player. It also appears that her house has become the gathering place for senior bridge players.

Linda plans to attend Oregon State University next year as an education major.

THE ONCE AND FUTURE ADMINISTRATOR

Social Commentary by John P. Merrill

Quicker than the double-edged blade and just as deadly, the modern school administrator must be ready to face a variety of problems and find an equitable solution for each one. In the interests of a questioning public, our crusading automotive editor decided to take time out from the regular grind and relate the problems of a typical day in the life of just such an administrator at a local high school.

It's up and at 'em for Shick Krona and his cohorts. Shick arrived at school early on the day in question (aren't they all?), but under previous orders the parking lot was already being patrolled in the hopes of ending nearly three months of tire slashing by the stainless steel blade. Shick's right hand man, Marty, who is also a stoolie, was nervously pacing the boss's office when he arrived. The problem, as related by Marty, seemed to concern a basketball player who had just been caught cutting for the seventeenth time. This was obviously a situation to be remedied by an honorable and just administrator.

"This sort of thing has got to stop.", said Shick, "and I want you to put your foot down just as soon as the season is over."

"Oh fudge!" said Marty.

Moments later, as the bell rang, what claimed to be a student body officer staggered in to lead the pledge of allegiance. Shick caught what seemed to be a strong wiff of spode as the officer passed. Could it be? Of course not!

By third period Shick had received so many complaints on the morning address that something had to be done. An emergency meeting was called in the teacher's smoker and it was decided to keep things rather hush-hush for a while, preferably until the end of the year. After all, no sense in rocking the boat.

After settling a noon-time food fight started by the big man with the small mind, Shick decided to review the sign-up list for next year's pom-pon girls at an afternoon meeting of the committee to determine qualifications. He was a little late, and the meeting was in progress when he arrived, but with a self-assured air he broke in with his traditional crowd pleaser.

"Well, I think we ought to be democratic about this," said Shick, "so we'll vote and then I'll pick five names. Fair enough?"

A naive young spohomore who was new to student government opened his mouth to protest, but Shick, with lightening speed, was already out the door.

Fair enough?

THE BLUEPRINT AND AKLAN STAFF END ENJOYABLE (?) YEAR — 1964-65

The **Blueprint** staff of '64-'65 has had both an interesting and enjoyable year. The production of a dozen issues has exhusted the energies of the twenty activity majors who comprise the Journalism I and II classes of 108's seventh period. Under the freedom allowed by the advisor, Mr. Mayes, student responsibility (or lack of it) has been demonstrated since September when the first issue was distributed. Students were allowed permanent passes to leave the school grounds for purposes of selling ads and driving to both the printer and the engraver. Also interviews with various students and faculty members were given seventh period.

Journalism II students organized the paper while journalism I students have had the job of finding news and writing the many stories.

The '65 **Aklan** staff, under Mr. Dessler's advisory, has also had a full and enjoyable year. The goal of a bigger and better yearbook has been worked on all year by its staff with results soon to be realized. The **Aklan** class, which also meets seventh period, exercises like the **Blueprint** staff, much freedom. They have used this freedom since September in faking casual pictures, labeling the faked pictures, and organizing into one completed unit the labeled, faked, casual pictures. Although this year's **Aklan** is more expensive, it is also larger and hopefully better than those of previous years.

Feature Teacher Mr. Robert Mehus

"It's nice to go to school in the morning." This is the attitude that Mr. Robert Mehus maintains toward Acalanes after having taught here for a year. He enjoys the school, the area, and the students' desire to learn.

Mr. Mehus teaches physiology to mainly senior students, and, as such, is a good choice for this senior issue's Feature Teacher. Teachers.

Since his arrival here, Mr. Mehus has noticed several flaws in the student life at Acalanes. In a comment about one he states, "I hope that someday certain groups of students will concentrate less on social clubs and cliques and more on fulfilling a constructive roll in society."

After graduation from the University of Washington in 1958, Mr. Mehus did graduate work at Stanford and U.C. at Berkeley. He then taught at Berkeley High.

Mr. Mehus is married and has two children, ages two and three and a half. In his spare time he likes playing with his children, and also golf and tennis.

This year Mr. Mehus has maintained the position as faculty advisor to the chess club.

Next year he plans to be more active with various clubs on campus.

To the class of "65", Mr. Mehus expresses the fond hope that every senior is as happy with his own life work as Mr. Mehus is with his.

STUDENT GOVERNMENT '65 — SKILLED, ACTIVE LEADERS

As the 1964-65 school year terminates it is only natural that we the students of Acalanes look back and recall the many actions and progressions of our Student government.

This year we were very fortunate to have a highly skilled group of student body officers. They have, perhaps, accomplished as much or more than any group of officers before them.

Now, let us look back upon the numerous activities and innovations that were originated during this administration.

The old Rally room, which we all remember as quite messy and an obvious sore spot on our campus, has been completely restored and remodeled. Also, we have acquired (through our faithful dean, Mr. Stevens and our loyal helper, Fletcher) a new student activity room in which all of the student business of the future years will take place.

In this room the new music system that our student council acquired will be located allowing music, of all types, to flow through Acalanes.

It was this year that we established a new student body officer in the form of a Rally Commissioner. It is hoped that this officer will at last co-ordinate the Pep Clubs, Rally Committee, the Yell Leaders, the Pom Pon girls and the Band.

The Student Executive Council which was an unknown organization here at Acalanes has been established in hopes that ideas for the student council meeting agendas will be discovered. This will be, perhaps, one of the biggest assets to the future administrations at Acalanes.

Also this year the Grounds Commissioner has been appointed to aid the president in his numerous tasks as well as heading the committee that inspects the grounds after lunch every day. His appointment will undoubtedly set a precedent for governments of the future to follow.

As far as school spirit is concerned, Acalanes placed higher in the F.I.C. sportsmanship race than ever in the history of our school. The main reason for this is that we had a winning basketball team, but, another reason is the new form of compulsary rooting that we established in our yelling sections.

In the area of community interest we have, for the very first time, become truthfully civic minded. We are very fortunate to have our student body president reside on t he Lafayette Design Project — a very influential organization in Lafayette — as a voting Director. This is quite a privilage if we consider that our delegate is the first student of any type to be on this committee.

Our school also sends delegates to the Lafayette Rotary Club and the Lafayette Chamber of Commerce. All of these "memberships" are to be considered quite a compliment as we are the only school in our district able to claim this honor.

The above mentioned achievements are only a few of the many accomplishments that Acalanes has experienced under the present administration. We should feel quite proud that the graduating class of 1965 will be long remembered and hailed for its un-dying spirit and its numerous innovations.

"Knowledge may give weight, but accomplishments give lustre, and many more people see than weigh."

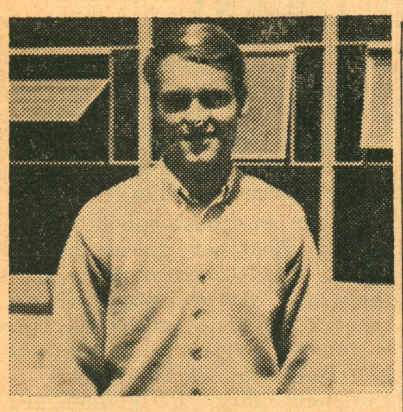
Seniors Graduate---Athletes Reviewed



Larry Tietig

Out of this year's not-so-outstanding varsity football team came at least one outstanding senior athlete. The **Blueprint** has chosen Larry Tietig not so much for the fact that he was outstanding, though many times he was, but for his colorfulness. Though few times did we get on the scoreboard, the times that we did you can be sure that Larry had a part in it.

His speed, endurance, and willingness to stay in there and fight until the end, however tragic it was, proved to be a great asset to the team's effort. Though Larry's interest and skill is not devoted completely to football, another sport being basketball, he has his greatest successes there.

It is very difficult to pick one man and single him out as the best senior, but Larry Tietig's attitude, devotion, and ability allows one to do so.

Lee Newell

The 1964-65 basketball team boasts the finest over-all record in the history of Acalanes. But perhaps even more impressive is its fantastic guard, Lee Newell. Lee was essentially the backbone of the team throughout its 21 games. During this period Lee proved himself to be potential college material with his unbelievable passes; his remarkable scoring ability; and his overpowering will to win.

Lee single-handedly (if that's possible) beat Miramonte in a crucial game by scoring 22 points.

He also was the big gun in the San Ramon game which Acalanes eventually blew in the final minutes. Lee scored 20 points that first half and ended up with a total of 28.

This type of action throughout the season prompted coaches from California universities to offer Lee numerous scholarships on his basketball excellence.

RECAP OF ATHLETIC '65

With the long awaited end to this year approaching near we find ourselves glancing back on the memories of the passing year. However pleasant this is in looking at our athletic teams remains to be seen. The few number of seniors leaving, though, is one bright view to take regarding the chances of our teams next year.

In football, a sport our school is not remembered for, we had a rather disappointing finish. The efforts of Jack Jay, Larry Tieteg, Dave Toll, Bob Stoops, and Stan Wakeman, were not enogh. Other seniors participating were, Phil Gilmour and Lee Newell, but they had trouble making it to the games toward the end of the season. With few seniors leaving we may do well next season.

Coach Eaton's Cross Country team will be losing a fine runner in Ron Elliot and another in Rick Pinger, but we may still do all right. Most of the team is returning next year.

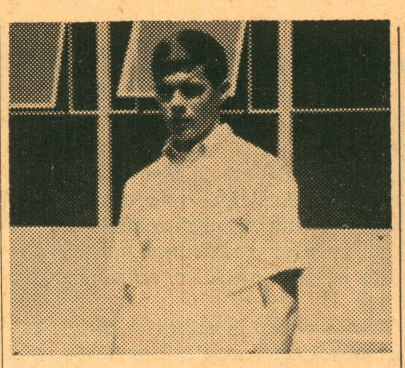
Basketball is going to present a problem next year with the departure of Lee Newell, Greg Mallay, Dale Speyer, Ken Short, and Bruce Geuldon, our team is going to need a great deal of building up before we take aonther teague championship. The new coach, Mr. Coles, may provide the added incentive.

In wrestling, Mr. Mattson again came through with a championship team. Next year he will probably have a more difficult job with such great wrestlers as Mike Pitts, Dave Toll, and Stan Wakeman leaving.

Track will see such seniors as Ron Elliot, Rick Pinger, John Merrill, and others leave the team. Though many are leaving, the champion "B" team will fill in well next year.

The swimming team is another team which will be hurt badly by graduation. Ross Brigante, Trey Fisher, Bob Helm, Tom MacPherson, Jim Montgomery, Mike Pitts and Don Querio will be leaving this year. It will take a lot of effort to replace them.

The tennis team will remain almost the same. Dave Lewis, Bruce Neighbor and Don Rickman are the only members who won't return. The team will be very strong again next year as in past years, due to the many returning lettermen.

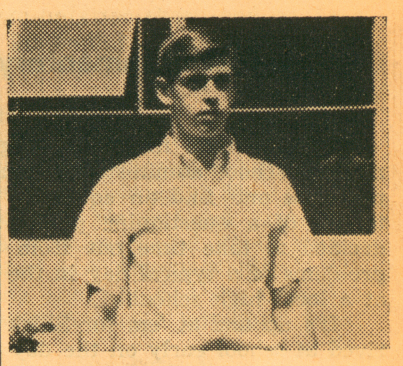


Ron Elliot

This year's Acalanes track team put up a hard fight for the top but to no avail. Although the team was not a leader as a group, one boy can be singled out as the one person who led the field in the two mile and one mile run.

This young man, a senior and three year letterman is Ron Elliot. Ron has been a track and cross country man for most of his high school years and has helped both teams in adding their names among the tops in the running field.

For the most part Ron has had one rival who has been sharing first place in league meets on and off with Ron. This young rival is George Coon of Miramonte. Although Ron suffered from an injured leg during the middle of the season ,he has been able to beat his opponents by a large margin. Ron Elliot is truly a leader in the field of running.



Dale Speyer

Although the varsity baseball squad had a poor year, one senior player did extremely well throughout the '65 season. Leading the team in batting, playing left field and occasionally first base, was Dale Speyer, the **Blutprint's** outstanding senior baseball player.

Dale was the only Don chosen for an all-league team. (He made the all-league second team at left field.) His other sports attributes lie not only in baseball. He was on the first team in basketball during the winter season. He was chosen Block "A" Athlete-of-the-Week after his outstanding performance during the first of the winter's Piedmont games.

As both skill and devotion to sports are credited to Dale, other accomplishments should be made by Dale in this field in future years.

'B' Track Tops League

Last year the "B" track team made a tremendous effort in league and out of league competition to take a 2nd in league standings at the end of the year. This year, with many returning members the squad easily took the league championship with many exciting meets. The first meet of league competition was with Piedmont, usually the champions and undefeated in six years. The "B's" proved strong and confident of a defeat which occurred. From then on it was "smooth-sailing" and the "B's" always scored heavily against their opponents. Their last meet of the season was a rather tense event because San Ramon had the same record as the junior Dons, 6-0. Although they were tough and strong the "B's" ran away from them.

Highlighting the season were many outstanding athletes. Randy Knudson, sophomore, set three school records: the 75 yd. dash, 7.9; 150 yd. dash, 15.1; discus 135' 6". Dick Clarkson set the record in the 330 yd. dash in 37.3 seconds. Randy and Dick were also members of the 440 yd. relay team which had a very good time in the league. Dan Jones was undefeated in league competition in the 120 yd. low hurdles. He was put out by a case of the chicken pox, but was well replaced by Jim Smith and ran a 14.1 and Mark Burroughs who ran 14.3. Rick Nielson and Mark Marky also were fine hurdlers. Other athletes who deserve recognition are John Larson and Mike Pickett, 660 yd. run; Dave Elliott, Bob Mayfield, John Nunan, 1320 yd. run; John Griffith 70 yd. high hurdles; Jim Smith, high jump, and the entire team for their spirit and sportsmanship.

From the many athletes of the team, 21 boys qualified for North Coast Division One meet at Pittsburg.
